Office Hours: 11 - 11:50 Monday and Wednesday, 10 - 10:50 Thursday. Email me to arrange for other times.

Math Learning Center: 9 - 9:50 Thursday.

Homework: Homework will be assigned but not collected. Suggested homework is listed on the course webpage. It will be very difficult to succeed in this class without doing the assigned homework.

Exams: There will be three common hour exams (100 points each), and a common hour final exam (100 points). Exams are scheduled for:

- Exam 1: Thursday, 01 February 6:10-8:00,
- Exam 2: Thursday, 01 March 6:10-8:00,
- Exam 3: Thursday, 05 April 6:10-8:00, and
- Final Exam: Wednesday, 02 May 10-11:50.

If you are unable to be at an exam at the scheduled time, it is your responsibility to contact me ahead of time. If you need special arrangements regarding exams, please talk to me as soon as possible.

Quizzes: Quizzes is an amorphous word meaning anything I assign in this section. There will typically be a weekly in-class quiz on Fridays. Additionally, there may be various out of class projects and homework assigned during the semester. There will also likely be in-class group work. At the end of the semester the lowest couple of scores will be dropped¹ and the remaining will be scaled to be worth a total of 100 points.

Because I drop the lowest few scores, there will be no makeups² without a valid University approved excuse. Solutions to quizzes will be posted to my webpage.

Grading: Grades are discussed on the course webpage. I will use D2L for secure grade information.

¹Last semester I gave 16 quizzes and dropped 2, I expect this semester will be similar.

²Unless you talk to me ahead of time, and we can find a mutually available time and place for the makeup to be taken, and you don’t start abusing the privilege.
